Highlights

Requires a Philips Hue bridge

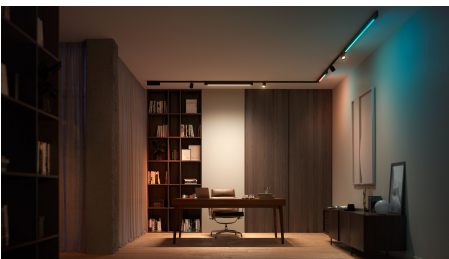

Connect your Philips Hue lights with the bridge to control your lights from your smart phone or tablet via the Philips Hue app.

Be your own lighting designer

Perifo track lighting doesn't just look good — it looks any way you want it. Start with a kit and combine spotlights, pendants, light bars, and more to illuminate your home the way you like.

Completely customizable

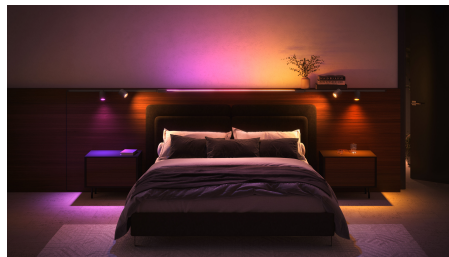

Perifo track lighting is completely customizable — even after it's installed — thanks to its easy click-in design. Add more lights, move them around on the tracks, or even extend your track lighting whenever you like.

Flexible design

Angle the spotlights. Lower or raise pendant lights. Rotate the gradient light tube. Perifo lights can be fine-tuned to shine where you like.

Made for ceilings or walls

Perifo track lighting offers both a ceiling and wall kit so you can choose exactly how you want to light your home.

Control your way

Connect your Philips Hue lights with the bridge and start discovering the endless possibilities. Control your lights from your smartphone or tablet via the Philips Hue app, or add switches to your system to activate your lights. Set timers, notifications, alarms, and more for the full Philips Hue experience. Philips Hue even works with Amazon Alexa, Apple HomeKit and Google Home to allow you to control your lights with your voice.

Create a personalized experience with colorful smart light

Transform your home with over 16 million colors, instantly creating the right atmosphere for any event. With the touch of a button, you can set a festive mood for a party, turn your living room into a movie theater, enhance your home decor with color accents, and much more.

Unlock full suite of smart light features with Hue Bridge

Add a Hue Bridge (sold separately) to your smart lights to experience the full suite of Philips Hue features. With a

Hue Bridge, you can add up to 50 smart lights to control throughout your home. Create routines to automate your entire smart home lighting setup. Control your lights while away from home or add accessories such as motion sensors and smart switches.

Set the right mood with warm-to-cool white light

Choose from over 50,000 shades of warm-to-cool white light to create the perfect ambiance in your home for each activity and time of day. Use bright, white light each morning to start the day energized and alert, or match your evening wind-down routine with a dim golden glow.
